A Message from the Board of Directors

Thank you sponsors, partners, donors, volunteers and staff, for another successful year promoting mental wellness, and healing those who face loneliness and isolation.

FCNC improved quality of life for 6,000 families, children and seniors by providing grief workshops, children's grief camps, wellness programs, social support activities, movies, educational programs and materials.

Participants learned skills to overcome loneliness, share their stories, strengthen their ability to cope, resocialize and make new friends. All services were offered at no cost and funded by Grants, donations, fundraising and Thrift Shoppe sales. Volunteers donated 16,000 hours of service as group facilitators, camp coordinators, office support, Board of Directors, Advisory Board, and Thrift Shoppe operations.

Thank you! 2024 Sponsors
